## REGIMENT CLOSES ITS BENTLEYVILLE REUNION

Campfire Leading Feature of Meeting of the Eighty-Fifth

MANY MAKE ADDRESSES

President Swearer Presides—Officers Chosen For the Ensuing Year

With an automobile sightseeing tour at noon today the annual reunion of the Eighty-fifth Pennsylvania Volunteer Infantry, which opened in Bentleyville Wednesday morning came to a close. One of the most interesting times the old soldiers had ever spent together was enjoyed. Forty-four members of the regiment from Pennsylvania, Ohio, and West Virginia and 60 veterans representing 12 other commands were in attendance.

The campfire and the election of officers were the principal events Wednesday afternoon and evening. The following officers were elected: J. A. Swearer, of Pittsburg, president; Charles Eckles, of West Brownsville, Libson Scott, of Rodgersville, and James Speer, of Canonsburg, vice presidents; William Chick, of Uniontown, secretary and treasurer.

The campfire was held Wednesday evening in the Grand opera house at Bentleyville was interesting and was much enjoyed by the veterans and their friends. Pres James B. Swearer presided. Talks were made by the following comrades: Rev. George Orbin, Charles G. Eckles, Dr. E. E. French and Dr. Snyder. E. E. French and Dr. Snyder, A. S. Finley, Harry Scott, Capt Morris, John Neal and Dr. Strawn.

Music was furnished by the Beallsville brass band and a fife and drum corps. An interesting feature in this connection was presented by Joe Palmer, of New Salem, Fayette county, who played a drum in the drum corps. This drum was made in 1810 and was used in the Mexican and Civil wars. Palmer played it one day with the Eighty-fifth regiment in the Civil war but at the end of that evening the drummer boy was found and taken home to his father.

One of the notable features of Wednesday afternoon was the parade of veterans and school children. About 1000 persons participated. In line were 700 children and 26 automobiles formed a part of the procession. During the parade a horse belonging to Peter Jones, a colored fish peddler ran away. The horse was stopped by a bystander before any damage was done.

## PENCIL PUSHERS ARE GIVEN FEED

Newspaper men of the Monongahela valley were entertained at a corn roast at Eldora park on Wednesday evening by Tom P. Sloan, manager of the park and Roy S. Charprack, assistant manager. The affair was in the nature of the annual supper to newspaper men, and there was a good representation present. Tables were set for 25 and the menu was thoroughly enjoyed.

Following the supper, a brief meeting was held in the office rooms at the park, and the hosts were tendered a vote of thanks for their much enjoyed hospitality. Reminiscences were related and stories told, as a part of the diversions.

Those in attendance at the affair were: George A. Anderson, and Harold Wickerham of the Monongahela Times; W. G. Gibson, Earl D. Atkins and Fred C. Wilson, of the Monongahela Republican; L. E. Flint of Monongahela; Goodloe H. Thomas, of the Monessen Friday Evening Call; Cary L. Schuck and Frank G. Lane, of the Monessen News; D. R. Woodfield, of the Monessen Independent; Harry E. Price, Tom P. Sloan, J. C. Jones and Floyd Chalfant of the Charleroi Mail.

## Bentleyville Home Burned

Residence of James Clark Destroyed While He Attends Reunion

Fire rendered James Clark at Bentleyville homeless for the third time within a few years Wednesday evening when his home burned down. His loss will be in the neighborhood of \$1000. In addition to the home, clothing and some money was consumed. Clark, who is an unmarried man, was attending the regimental reunion exercises in the opera house when fire of unknown origin broke out. When it was discovered and the alarm spread it was too late to save the property. It is believed flames originated in the rear of the building. No insurance was carried.

## HIGHWAY WORK IS HUSTLED

Improvement on Cross County Road Progresses Well

BITZER IS IN CHARGE

L. C. Bitzer of Charleroi, who is in charge of the state highway work between Brownsville and Washington, with headquarters at Beallsville, reports considerable progress with the work. Limestone is being hauled and two road rollers and a traction engine are at work. It is the expectation of Mr. Bitzer that the Telford paving will soon be put in Egg Nog hill, near Washington, has been graded and is now ready for the foundation work.

About 30 men are employed in the Clyde section where considerable progress has been made. Limestone quarries have been opened, and a considerable amount of stone has been quarried. A force of workmen has been employed the past two weeks removing breakers, opening drains, etc. It is the intention of Mr. Bitzer to have the entire route put in good condition before bad weather sets in. It will probably be impossible to reach Beallsville this season, but is expected that work will be done through this place just as soon as possible next season. The state highway department at present is unable to assist the borough in laying a brick street.

Much progress is being made on the Beallsville-Fredericktown road, which is in charge of Hastings & Piper, of Charleroi. The new brick road in the Moffitt Mills section is being completed. Deemston borough has added quite a number of improvements to her already fine lot of roads the past summer. Many improvements have been made. The road past the J. B. Taylor property and Jacob Robinson farm has been considerably widened and otherwise improved. The Fredericktown road is under improvement.

## ONE KILLED, ANOTHER IS INJURED IN MINE

Fall of Slate at Vesta No. 4 Brings Tragedy to Grandville Family—Seventeen-Year-Old Lad Removed to Hospital

Caught under a fall of slate in the Vesta No. 4 mine of the Vesta Coal company at California Wednesday Adam Bronowski, aged 17, was instantly killed and his nephew, Wesley Meleski, aged 17, was so badly hurt that fears are entertained for his recovery. Both live in Grandville. Bronowski was married. He has four children, the oldest of which is twelve and the youngest three years.

Bronowski was employed as a rib drainer and his nephew was working with him when the accident occurred. Both were caught directly under the slate and coal as it came down. Workmen from nearby hearing the noise, hastened to their aid. Bronowski was breathing his last when they pulled him from under the debris and Meleski was unconscious. In the man's head was a large hole and when picked up his head dropped limply back. His neck having been broken. Meleski was given medical attention and then sent to the Mercy hospital at Pittsburg.

Bronowski is a Polisher who has been in this country for 22 years. During the last eight years he has been living at Grandville. He formerly worked in the Chemouni mine.

Death was due to diabetes. He had been in poor health for the last two years, but was not seriously ill until a few days ago.

Mr. Ackison was graduated from the Charleroi high school in 1894. He was connected with the Mail Publishing company as advertising manager for some time, but was forced to give up that position about two years ago when his health failed.

Smith. Funeral services will be conducted Saturday afternoon at 2 o'clock, at the residence of Dr. Smith, by Rev. John R. Burson and Rev. J. T. Hackett. Charleroi and Fayette City to Meet in Hot Ball Game Here

The pennant winner of the Monongahela valley league will be decided on Saturday when the Charleroi and Fayette City teams will meet in a duel on the Charleroi field.

The day will also be known as boosters' day and an effort will be made to have the largest attendance of the season at this game. It will be called at 2:30 o'clock, and both teams will have their best lineups to present. Swaney, whose record in the Monongahela valley league has been among the best this season, will twirl for Charleroi, and Fayette City will have as their pitcher Brightwell or Parks.

## NO DATE IS ANNOUNCED FOR BIG CELEBRATION

Lewis Drops Out of Race

Washington Party Concludes to Support McCormick For Governor

William D. Lewis, the Washington party candidate for governor, Wednesday at Philadelphia announced that he will withdraw from the race in favor of Vance C. McCormick, the Democratic candidate.

His resignation will be acted upon at a meeting of the Washington party state committee next Wednesday in which was made after a conference of Washington party leaders from all parts of the state held at Philadelphia Wednesday at his request.

## SEALERS WILL ASK NEW LAWS

Will Formulate Supplemental Legislation at Meeting

CHIEF SWEENEY ACTIVE

The Protective Association of Sealers of Weights and Measures is announced to meet at the capitol at Harrisburg on September 15, 16, and 17, to take up the matter of additional legislation that will further protect the purchasers of commodities from the dealers who use short weights and measures.

James Sweeney, chief of the bureau of standards, who was instrumental in creating the association will preside. Chief Sweeney says that the new law requiring sealers in cities and counties is working well, and the sealers have entered into the spirit of the law which will eventually do away with fraudulent weights and measures.

In Philadelphia which is one of the latest counties to take up the work, the sealers have been very zealous, having examined 30,000 pieces, many of which were found to be "short" in weight and measure and they have compelled dealers to be honest. In the other counties of the state the sealers have examined 200,000 pieces and a great many fraudulent ones have been found. It is expected that at the coming meeting of the association some of the more glaring of these frauds will be placed on exhibition.

Charleroi-Bentleyville Ellsworth Day is Much Postponed

MAY COMBINE EVENTS

Possibility That Demonstration Will be Held on Halloween

No date has yet been set for the Charleroi-Bentleyville-Ellsworth celebration that had been previously announced to take place incidental with the opening of the new electric railway line to Bentleyville and Ellsworth. There is a possibility that the celebration will be postponed until Halloween, and two celebrations combined.

Cars are in operation on the line and a regular schedule is in effect. By some it is explained that there might be trouble in handling the large crowds that would travel back and forth on the big day.

During the last few weeks the Charleroi fire department drill teams have been hard at work preparing for their part of the celebration, but with the necessary postponement of the date it is feared by them that cold weather will interfere with their part of the program. Among other things the water battle, which was to have been among the most interesting features would have to be called off.

There is a probability that plans for the day will be resurrected during the next few days. Superintendent LaM of the Ellsworth Collieries company and Prof. E. E. Bach of Ellsworth, two members of the Ellsworth committee, were in Charleroi on Wednesday evening but did not meet with the committee. Their only inquiry was as to the possible date for the celebration.

## GET RICH PLAN QUICKLY ENDED

Alleged to have made men drunk by the illegal sale of booze and then to have followed them along a lonely road, waylaid and robbed them, Mike Sausser, of Langeloth the new man, facturing town near Burgettstown, is in the county jail facing charges of selling liquor without license, aggravated assault and battery with intent to kill and impersonating an officer. He is held in \$1,000 bail for court. His wife, Ula Sausser, is also in jail charged with selling liquor without license.

The story is a decidedly unusual one and, if the officers are right, a particularly desperate and somewhat original method to gain quick wealth has been checked. It is claimed that at his house in Langeloth Sausser maintained a speakeasy where men frequently became intoxicated.

According to the allegations in the case Robert Eagen and John McCarcher visited the Sausser house Sunday night. When they left they alleged that Sausser followed them and attacked them with a "handy-billy." One of them was knocked down but the other man immediately interfered. It is claimed that at this point Sausser announced that he was an officer. The two men succeeded in escaping and going before Justice H. B. McMurray lodged charges against Sausser. The latter was arrested without trouble and at the preliminary hearing was held for court.

Investigation leads the officers to believe that Sausser has made a regular business of attacking and robbing his speakeasy customers and that when they made a show of resistance claimed the rights of an officer and frequently succeeded in thus intimidating his victims.

### ACTIVE GROWTH EVIDENCED IN HIS BUSINESS

Several years ago a young man 17 years of age, returned to his home at Fayette City fresh from finishing a course in the Eastman Business College, at Poughkeepsie, N. Y., and began to look about him to see where he could put his newly acquired knowledge to the test.

This young man was W. B. Pfeleghardt, now proprietor and owner of the big furniture store on Fallowfield avenue, which is one of the finest and biggest furniture stores this side of Pittsburgh.

Mr. Pfeleghardt did not remain idle long after finishing school, but almost at once secured the position of manager in T. J. Wood's general store at Wood Run station, which is now a part of Roscoe. He held this position for 21 years, holding it one year after Mr. Wood sold his store.

Mr. Pfeleghardt applied himself solidly to work while thus engaged taking only three weeks' vacation in the 21 years. He got an under-

standing of the in and outs of business, which has been very beneficial to him since.

In June 1900 Mr. Pfeleghardt came to Charleroi and purchased the furniture store of W. A. Mouck, which was located in the room now occupied by the Murdock and McCarty clothing store. He conducted his store there until in 1902, when he moved into the Fleming building on Fallowfield avenue. He later moved to the Monier building, where he remained until the erection of his present building in 1910.

Mr. Pfeleghardt's store has grown until it now occupies four floors 44 feet by 100 feet each. He has in stock a complete line of furniture, carpets, china ware, pianos, victrolas, stoves and all things that go toward the complete furnishing of a home.

Mr. Pfeleghardt is a member of the Business Men's association, and has always taken an interest in anything for the betterment of business conditions in Charleroi.

## Ship Canal Work Boomed

The Pennsylvania state canal board and the Lake Erie and Ohio River Ship Canal Association are co-operating in work on the proposed ship canal project. The state board is pushing surveys and making necessary preliminary investigations, while the canal association is making an aggressive campaign for public support.

Ship canal committees will be organized in all the counties affected by the proposed waterway in Ohio, West Virginia and Pennsylvania. In addition to the money to be provided by the 35 counties in the canal district substantial aid is expected from three states and the national government.

### Veteran Dies

Word has been received of the death at Cottonwood Falls, Kansas, of J. C. Davis, a veteran of Co. E, 85th P. V. Regiment. Mr. Davis had intended attending the reunion of the command and other veterans at Bentleyville Wednesday and Thursday of this week, and the letter received last week, telling of his death came as startling news to his many friends. Mr. Davis had intended making an address during the reunion, and the letter received from Mrs. Davis by Abram Tinley, has caused a feeling of gloom to pass over the event.

## Posthumous Son Estate Matter Up

Whether a son born after the father's death is entitled to an income his father has been receiving from an estate as a result of a will, will probably be settled in the Fayette county orphans' court October 1. This legal tangle is due to the death of Lucien P. Smith, of Morgantown, who was drowned in the Titanic disaster previous to the birth of his son. Mr. Smith had been receiving an income from the estate of James G. Cochran, his grandfather, of Dawson, Fayette county, who died in 1894 and left a will, in which he directed the estate to set aside \$15,500, the income from which was to go to the children of his daughter, Mrs. Anna H. Smith. She had three children, Lucien being one of them. The trustee refused to pay over the money to Lucien P. Smith heir, and the suit was brought.

## War Enforces Missionaries on Vacation

As a result of the European war Rev. Charles C. Sterrett, son of Mrs. David Sterrett, of Washington will spend an enforced and entirely unexpected vacation in America. The length of this vacation will probably depend upon the length of time the war continues. It is supposed that he is at present on the high seas, being accompanied by his wife and two children.

Mr. Sterrett has been a missionary in northern Persia for the past 14 years, his last visit home having been five years ago. Early this summer he took his family to Switzerland for a vacation on account of Mrs. Sterrett's health. The Sterretts were at Eiselwaldt, Switzerland, when war broke out and soon realized that while the war continued it would be impossible for them to get back to Persia either by land or sea.

Later they decided to come to America but it was only recently that they found means to get out of Switzerland and across France. Relatives of Mrs. Sterrett on Saturday received a cablegram stating they sailed from Havre, France, for the United States on last Friday. This word was forwarded to the members of the family at Washington.

Mr. Sterrett's family has heard from him once or twice since he and his family have been marooned in Switzerland but in these communications he gave no idea of his plan to return to America. The Sterretts took up his case with the state department and their last word received concerning him was that he and his wife and two children had reached Berne, Switzerland, which indicated that they were even then on their way to Havre, to take the boat. Relatives do not know the name of the ship on which the Sterretts have sailed nor at what time they will reach New York.

The railroad crossing at the foot of the steep incline on South Main street has been in need of a watchman since the present Bentleyville began. After many complaints of owners the railroad company has at last partly recognized the claim. The number of people crossing were counted and submitted to the company for consideration. A thousand or more were counted each day. It is feared, however, that the company will require a larger number of crossings.

**NO GAS; DO THEIR  
COOKING IN YARD**

Residents living along the Williams road near Monongahela are being greatly inconvenienced by the lack of gas.

Monday a leak was reported in the main and since that time those who were fortunate enough to have coal stoves have had to resort to them, while others who were less fortunate are having to do their cooking on a wood fire in the yard.

The Philadelphia Company has a corps of men at work on the main and have promised relief within a few days.

## PIONEER IN CHARLEROI ONE OF TOWN'S LEADING BUSINESS MEN

George S. Might, Head of Might's Book Store,  
Here When First Lots Were Sold in  
March of 1890

### HAD ONE OF FIRST BUSINESSES IN COMMUNITY

When the first lot sale in Charleroi was held that blustery, cold day in March, 1890, a man now numbered among the leading business men of the community was on the ground as a participant. This was George S. Might, owner of Might's Book Store, at 509 McKean avenue.

Mr. Might knows more about the history of Charleroi, it has been said than any other man living here, and it pretty nearly holds true. He has been associated with the business life of the town from its beginning. Mr. Might started business at his present location in 1890 in a one-story building labeled "Restaurant."

In 1894, the structure that might have proven historical burned down.

By this time Charleroi had become an established fact. Mr. Might had confidence in the borough, and he proved it by putting up a larger building that provided much more commodious quarters. He equipped his new store with a slightly different line from that which had been carried originally. From time to time the line of goods carried was added to materially. The general result is the present well furnished establishment.

Several months ago, say between two and three years renovations

were made that enhanced very considerably the appearance of the front of the store. The renovations consisted of alterations in the front and in the interior arrangement of the establishment. More space was afforded.

George S. Might, the owner, has not of late been active in the strictest sense of the word in the management of the store. His son George W. Might has taken over this work. In the store are employed Seward Might and Fremont Might, together with Miss Marie Estenfelder and Elijah Dainty.

Stationery, office and school supplies are carried, together with athletic goods of the famous A. G. Spalding make—in fact the Might store is headquarters for anything in the athletic line. A complete supply of small musical instruments are carried. The book and magazine trade constitutes one of the most interesting divisions of the business. In addition the Might agency is the agency which supplies Charleroi with its daily newspapers. The Pittsburgh newspapers as well as The Mail are circulated through the agency. Rounding out a good general store a good line of cigars and tobacco is carried.

### TABLETS PLACED FOR REV.

### CHERNEY IN OHIO SCHOOL

In connection with the inauguration of Dr. Clark W. Chamberlain as president of the Denison University at Granville, O., two bronze tablets were unveiled in honor of Rev. John A. Cherney, a former minister of Monessen. One of the tablets was erected by Rev. Cherney's classmates from the Ohio State University and the other by the Phi Gamma Delta fraternity of which he was a member. Rev. Cherney will be remembered as a former pastor of the Baptist church in Monessen, leaving a number of years ago to enter into missionary work in the far east. He was a great favorite among the local congregation and very fond of athletics, having at one time been a member of the Monessen football team. He left on a relief expedition in the famine-stricken China where his death occurred in 1912. His wife accompanied him on this expedition and is still in that country accomplishing much good in her missionary work.

## Will Say Prayers For Peace in All Parts of the Country

Charleroi pastors, together with pastors all over the United States are beginning preparations to carry out the wishes of President Woodrow Wilson for the observance of one day of prayer for the restoration of world peace. President Wilson names Sunday, October 4, as the date. No plans have been formulated yet for the local celebration of the day, but it is expected that in every church, irrespective of creed, prayers will be said as requested.

The proclamation, which was made in response to many requests from churches, organizations and individuals that he set aside a day for that purpose, is as follows:

"Whereas, Great nations of the world have taken up arms against one another and war now draws millions of men into battle whom the counsel of statesmen have not been able to save from the terrible sacrifice;

"And, whereas, in this, as in all things, it is our privilege and duty to seek counsel and succor of Almighty God, humbling ourselves before Him, confessing our weakness and our lack of any wisdom, equal to these things; "And, whereas, it is the especial wish and longing of the people of the United States, in prayer and counsel and all friendliness, to serve the cause of peace:

"Therefore, I, Woodrow Wilson, President of the United States of America, do designate Sunday, the Fourth Day of October next, a day of prayer and supplication and do request all God-fearing persons to repair on that day to their places of worship, there unite their petitions to Almighty God that, overruling the counsel of men, setting straight the things they cannot govern or alter, taking pity on the nations now in the throes of conflict, in His mercy and goodness, showing a way where men can see none. He vouchsafe His children healing peace again, and restore once more that concord among men and nations without which there can be neither happiness nor true friendship nor any wholesome fruit of toil or thought in the world; praying also to this end that He forgive us our sins, our ignorance and of His holy will, our willfulness and many errors, and lead us in the paths of obedience to places of vision and to thoughts and counsels that make wise."

### WASHINGTONIANS PROPOSE TO TEACH FOLK HOW TO SELL

A plan for establishing a free school for the salesmen and salesladies of the Washington stores has been taken up by the Washington Business Men's Association. A committee of five was appointed to confer with Secretary Ketchum, of the Board of Trade to make arrangements for this. It is planned to have all the clerks of every store gather together twice a month when they will be given lectures and demonstrations in the best methods of salesmanship, matters of dress, deportment, etc.

Expert lecturers from some of the big eastern establishments will be invited to come there for this purpose and every effort will be made to assist local salesmen and salesladies in acquiring the little courtesies and the niceties of their calling which go to developing efficient and courteous clerks and better working conditions for them to work under. It is understood that the committee intends to arrange for the first one of these meetings about the first of October or perhaps earlier.

## STARTS AS MINER; NOW OWNS BIG CHARLEROI BUSINESS BLOCK

Eugene Fau Has Fine Dry Goods Establishment on Fallowfield Avenue--Starts Erection of New Edifice

### HIS PROGRESS READS LIKE ENGROSSING NOVEL

Charleroi has a number of business men who are of foreign birth, among whom there are none that have made more progress or that the town is prouder of than Eugene Fau, owner and proprietor of the up-to-date women's furnishing store on Fallowfield avenue.

Mr. Fau was born and raised in the southern part of France. He came to the United States in 1885. He spent a short time in Baltimore but did not like that city so left there shortly for Pennsylvania. He went first to Hazelton, where he secured work in a coal mine. After leaving Hazelton he worked in coal mines at Elizabethtown and here for some time. He worked in the mine in Charleroi for about five years.

Mr. Fau was a man of too high ambition to remain a coal miner. He had also become acquainted with Charleroi and many of the people. He liked the place and saw the future that was before the town. In 1903 ways be depended upon to aid any Mr. Fau purchased the men's furnishing store from Henry Mouly, which was just across the street from where Mr. Fau's store is now located. Mr. Fau soon closed out the men's wearing line and installed a full line of women's furnishings. His business increased so rapidly that he was soon compelled to erect a new building and move into more commodious quarters across the street, where his store is now located. When Mr. Fau started in business he employed only one clerk. He now employs from 12 to 15 clerks a majority of the time.

Mr. Fau owns some valuable real estate on Fallowfield avenue, on which he expects to erect a theatre and office building in the near future. Mr. Fau always stands ready with a kind word and a smile for those of foreign birth who are yet at the bottom of the ladder. He sees a great many possibilities in store here for men who wish to earn an honest living. He is enthusiastic in his support of Charleroi and Charleroi people. He can al-

## SEPTEMBER CHERRIES IN THIS COUNTY NUMEROUS

Remnants of the enormous crop of cherries in this county this season are still to be found. William Courson, a well known farmer and fruit grower of Amwell township has on his farm a tree of cherries that are just now ripe. They are of the red sour variety. The fruit began coloring when the other cherries were in season-but on this tree the fruit never got ripe until at the present time. It is something unusual to have cherries in September.

## Question of Personal Tax is Taken Up

Because of the loss of the personal property tax this year the state treasury may show less money by \$1,500,000 at the close of the fiscal year than it held a year ago.

All of the personal property tax now collected is turned back to the counties in which it is collected, and the state no longer retains one-fourth of the sum. This money retained last year amounted to \$1,500,000, and it was thought by the wise legislators that the tax on anthracite coal mined would make up for the state's loss, being calculated that the state would get about \$1,500,000 out of the coal tax to make up on the loss on personal property tax.

The coal companies, however, have either declined to pay over any tax or have taken an appeal from tax settlements made against them, and the matter is tied up in court. In the meantime, no money being paid in, the treasury receipts will show that much less this year, or until the courts can decide on the constitutionality of the coal tax.

## Holidays of Jewish Folk Coming Soon

Rosh Hashanah, the Jewish New Year, will be celebrated this year on September 21 and 22 with special services in all synagogues. The congregations will be assembled as in Mosaic days by the blowing of the shofar or ram's horn.

The two feast days are spent in feasting and gaiety, but are followed by a period of 10 days of meditation. Yom Kippur, the day of atonement, occurs on the tenth day and is observed by fasting and with all solemnity.

Allegheny Wants Teachers. The scarcity of school teachers in Allegheny county is becoming a serious matter, for there is need of 300 school teachers at once, according to Samuel Hamilton, superintendent of county schools. Many vacancies have been announced where the salaries range from \$50 to \$60.

## SCHOOL TEAMS DRILL

High School and Normal Footballists Prepare for Season

## LOCAL MEN WORKING

Football men of the Charleroi Monongahela and Monessen high schools and California Normal are getting down to hard work in anticipation of the opening of the season the first part of October. All four have promise of good teams this year.

Coach S. R. Grimm started his Charleroi high school football men to work this week. Of the last year's team he has but a remnant of five. They are Speers, the full back, C. Lowstuter, a backfield man, and Delvaux, Hugas and Carson. Enemen Promising material if found among the following: Brown, Linn, Ramsey, Lutes, Goldsmith, Redout, Deseaux and Clerihue. Practice so far has consisted of the preliminary work of falling on the ball and some little charging.

Coach Howard Clane, at Monongahela high school, with many of last year's team as a nucleus, anticipates the most successful season in the school's history. Last year's men on hand are Murray, Hill, Wickerham, Abbott, Blankenbuehler, J. Albright and Billich. Of these Murray will be at quarterback, and J. Albright, Blankenbuehler and Wickerham, will likely be sent to the backfield. Promising material if found in Cooper, Yohe, Moyer and J. Anderson. Coach Crane has procured a tackling dummy and is drilling his men hard for the first game on October 3. A schedule is being prepared by Manager John Anderson to include games with Charleroi high, Allegheny high, Shadyside Academy, Washington high, Brad-dock high, Homestead high, Donora high, and Monessen high. The big game will be with Charleroi high school on Thanksgiving day at Monongahela.

At Monessen, a strong team is being given drill work by Coach "Andy" White. Among the old who are out are Hess, Newhouse, Williams, Farquhar, Odert, Morse, Arnold, Frazier, McQuaide, P. Smith, M. Smith, Moore, Rosenthal, Levendorn and Dick. Only three of the regular team were lost by graduation and their places can easily be filled. Paul Smith is captain and Harry Newhouse is student manager. They have arranged a schedule with some of the leading school teams of the western end of the state.

All is activity at California Normal where Coach A. J. Sharadin is in charge. The squad is not heavy this year, but an old style of play is being introduced by Coach Sharadin to offset this. Of last year's squad the following men have reported: Wash-baugh, one of the best guards of any scholastic eleven in western Pennsylvania; Killius, a stalwart tackle; Song, an end man; Dormen, and Noel, substitute linemen; Houser, a quarterback and Capt. Dunn. Of the new men to report are Williams, of last year's Indiana Normal eleven; Berg, a husky guard from Connellsville; Mills, Crispin, Gallagher and Burton, California boys and Gatehouse, of Washington. The opening game will be staged September 26.

## MONESSEN SCHOOLS OPEN

ENROLLMENT IS LARGE  
Monesen public schools opened this week for the season with a total enrollment of 2640 pupils, which will probably be increased before the end of the week until the 2700 mark is reached. This includes the 124 pupils registered in the high school and makes by far the largest enrollment at the beginning of the school term in the history of the Monessen school.

# Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.  
PROVIDENCE, R. I.—For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine.—Mrs. S. T. RICHMOND, 199 Waldo Street, Providence, R. I.

A Minister's Wife Writes:  
CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. JENNIE AKERMAN, c/o Rev. K. AKERMAN, Cloquet, Minnesota.

From Mrs. J. D. Murdoch, Quincy, Mass.  
SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. MURDOCH, 25 Gordon St., South Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
